About the Hot Tub:

Make and model if known:

Actual Hot Tub width: mm

Actual Hot Tub Height: mm

Actual Hot Tub Length: mm

Details about collection & Delivery

- Is there suitable access and close parking for delivery vehicle and trailer?

Collection	Delivery
<input type="checkbox"/>	<input type="checkbox"/>

- Will Hot Tub require pumping out and/or refilling?
(This will incur an additional charge)

Collection	Delivery
<input type="checkbox"/>	<input type="checkbox"/>

- Width of narrowest point on access route?
Consider gates, gate posts, gutters and down pipes, raised drain covers, dwarf walls, utility meter boxes, door and window sills or any other obstruction that may reduce the access width. (Remember this applies to the full height of the Hot Tub)

Collection	Delivery

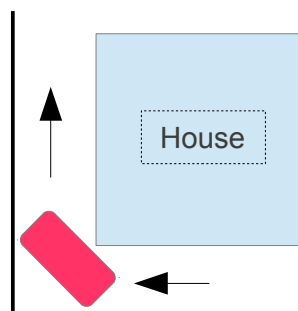

- Minimum headroom point on access route?
Consider pergolas, gate way arches, rose arches, guttering and eaves, overhanging branches or any other obstruction that may reduce the access height. (Remember this needs to be for full width of Hot Tub.)

Collection	Delivery

- If the tub needs to turn, is there ample space?
If the delivery route turns corners, please ensure there is enough room to manoeuvre the Hot Tub around any angles. (Don't forget your Hot Tub won't bend!)

Collection	Delivery

Don't forget your Hot Tub won't bend. Make sure there is enough turning space.

- Will the Hot Tub require disconnecting and/or re-connecting the electrical supply?
This will incur additional charges and re-connection can only be made to a pre-installed suitable supply

Collection	Delivery

- Are there steps, dwarf walls, gravel, rough ground or other obstructions to negotiate?

Collection	Delivery

If Yes, give details:

Please give detail of any other issues that may affect collection on a separate sheet.

Additional Information

1. If access is via a neighbour's property we can only proceed if you can assure us that permission has been given to access that property.
2. The customer will be responsible for clearing the access route prior to collection and delivery, including the removal and re-fitting of any fixtures such as gates, posts pipes etc that would impede delivery,
3. Two person team will wrap hot tub for protection, collect the hot tub, deliver it to the new location and position the hot tub. It may be possible to offer a discount if the customer provides labour at both sites and 1066 pools sends only one person.
4. If on arrival at the collection address it is not possible to move the spa due to access issues or incorrect information the 50% deposit is not refunded but used to pay for time and diesel.
5. If on arrival at the delivery address it is not possible to position the spa due to access issues or incorrect information the spa will be left at the kerb side, front garden or similar. The customer takes full responsibility once the hot tub has been off loaded. The full price still applies.
6. Payment terms are 50% with order to book the date, balance on delivery to new location by cash or full payment by card in advance.
7. Difficult sites will incur extra charges and extra labour may be required at cost.
8. Time allocated at both the collection and delivery addresses is 1 hour each. Any extra time will be charged at £40.00 per hour.

Preferred collection/Delivery Date:.....

The non-returnable deposit is payable by credit or debit card to confirm your booking.
